**LOVE: LET’S
OVERCOME VIOLENCE
EVERYWHERE**

Love is a feeling toward others that demonstrates character, equality, integrity, justice, kindness, morale and respect.

RACE: REACHING ACROSS COLORLINES EVERYWHERE

Racism is most often seen as unjust treatment of people because of their racial identity. It is seen as the main ingredient that breeds both hate and prejudice.

GRACE: GREAT RELATIONSHIPS AND CULTURAL EDUCATION

Grace is both seen and felt as comfort, goodwill, favor, mercy, and positive relationships with others.

INSPIRATION FOR THE WORLD

INTRODUCTION

Maine Avenue launched its Love Program through “Leadership and Scholarship” eighteen years ago. It now moves through local, state, national and international lines to work at combating bullying, verbal and physical threats, domestic and community violence, and murder. We will involve both jail and prison settings.

We will work through mentoring, open community dialogue, workshops, forums, institutes, public and private schools, colleges, universities and various types of on-line and related technology. All Partners will be professional leaders who are trained to work in collaboration with diversified group settings.

Race, Culture and Religion will be shared portions of verbal and written presentations. On-going documentaries, including art, music, dance, reading, singing, writing, science, technology, engineering, mathematics, history, theater, filmmaking, photography, storytelling, comedy, languages, politics, public

speaking, health: including addictions and medications, nutrition and food preparation, home life, business life, community life, marriage, relationships, parenting, divorce, separation, custody and child support, property ownership, entrepreneurship, attire, public relations, discipline and leadership will be key to Maine Avenue's Network and Outreach.

We will continue our philosophy and tradition of involving mentally and physically challenged individuals and veterans. Students will assist by serving as both instructors and interns. There will be no age discrimination! Training videos will be in the mix.

We will partner with families, students, social organizations, fraternities, sororities, physicians, churches and related groups and gangs. Programs will be open, continuous and on-going.

For all communities, rural, urban, country, city, resort, ship, sea, land, water and sky, at home and in the street, there is no getting around undesirable verbal dialogue to vent attitudes, feelings, misgivings, and misunderstandings. Many historical myths and untruths have been put before the public-at-large about both superiority and inferiority of races, cultures and religions. There are tales of bloodlines, slavery, rape, incest, motherhood and fatherhood. Let's make Love like Oxygen!!! Let's learn to Love our Neighbors as we do Ourselves!!!

Love is the main ingredient in our success.**

**Love takes us higher. Love takes us higher.
Love takes us higher.**

**(Raise arms and hands. Clap three (3)
times in unison.**

**Love embraces both Race and Grace. Love
embraces both Race and Grace. Love
embraces both Race and Grace.**

**Love is our Base. Love is our Base. Love is
our Base.**

**Race and Grace do not Chase. Race and
Grace do not Chase. Race and Grace do
not Chase.**

Because, Because, Because:

**Love keeps Race and Grace in its Embrace.
Love keeps Race and Grace in its Embrace.
Love keeps Race and Grace in its Embrace.**

Hallelujah. Hallelujah. Hallelujah.
